Respiratory Therapy ... A Career for Now and for the Future

Respiratory Therapy - the allied health speciality instrumental in the diagnosis, treatment, management and preventive care of patients with cardio-pulmonary problems - has come to the Mount. Often described as the "fastest growing" allied health profession, respiratory therapy offers persons interested in caring for others the opportunity of serving as vital members of the health care team. Respiratory therapists work alongside physicians, nurses and other ancillary health workers in providing for the cardio-pulmonary well-being of the patient.

The program at Mount St. Mary's follows the "two-plus-two" design. At the Doheny Campus, an Associate Degree curriculum is offered to prepare individuals to enter the profession. Graduates will be qualified to assume staff positions in hospitals throughout the United States. Those desiring to obtain leadership positions within the profession can continue at the Chalon Campus and earn a Bachelor's Degree. Both programs will follow guidelines established by the American Medical Association in collaboration with the American Association for Respiratory Therapy.

The duties and responsibilities of respiratory therapists will continue to grow in the coming years as health care in general expands. To choose respiratory therapy as a profession is to choose adventure, discovery and unlimited future challenge. Further details can be obtained by contacting Patrick J. Dunne, RRT, Director of the Program, in Office 14, Bldg. 7 (Doheny extension 34).

OCTOBER 16 Monday Students completing A.A. degree requirements by December, 1978, or January, 1979, must file applications in Registrar's office by 4:00 p.m. today.

NOVEMBER 5 Sunday OPEN HOUSE at Doheny, 1:00 - 4:00 p.m.

#####

Just a reminder that you are invited to participate in Doheny's annual fall Open House to be held here on campus on Sunday, November 5, from 1:00-4:00 p.m. This is time set aside for you and your families and friends to stroll around the campus, meet with department chairmen and faculty.

We hope you will be able to attend. Also, if you would like to assist with the day's activities (i.e., tours of the campus, refreshments, etc.) just come to Bldg. 7 and sign up with Terri Navarro.

#####

SUPPORT SYSTEM INCLUDES REPORT AT MID-TERM

At mid-term the Doheny A.A. program offers an "early warning system" for students who have a "D" or an "F" average. Faculty members note the reasons for the grade on the Unsatisfactory Work Report (obtainable from Cathy Gomez in Bldg. 7) and give a copy to the student; to

Maureen McKay, academic advisor; and to Sister Margaret Anne, academic dean.

Conferences are arranged between the instructor and the student, so the student understands the cause for the low grades and can work to pass the course. As part of the Doheny support system, the academic advisor also assists the student to take steps to improve her grade.

This early warning should be helpful to students receiving BEOG or MSMC institutional funds since an unsatisfactory grade point average (below 2.0) for the Fall Term will result in ineligibility for funding next term.

#####

YOUR RESPONSE URGED

Surveys of Student Services which were distributed during the week of October 9-13 are still being accepted at the 24-Hour Board or by

Cathy Gomez in Bldg. 7. We are very interested in your responses.

#####

WEEKLY PRAYER GROUP INVITES YOU TO JOIN

A SPECIAL
NOTE OF THANKS

We are very grateful to God that the Chalon campus of MSNC as well as St. Mary's House of Studies, provincial house of the Sisters of St. Joseph of Carondelet, were untouched by the Mandeville Canyon fire. Although the fire came very close, our buildings were not damaged. Sister Magdalen has asked that we thank you all for your prayers, your concern, and particularly for your many offers of assistance for those who were evacuated on October 23.

AID FOR MIDDLE-INCOME WILL BE AVAILABLE

Congress has passed the middle-income student-aid bill and cleared Labor-HEW appropriation measure which contains funds to start paying for it in 1979-80. This bill provides for \$1.3 billion annual expansion of existing student-aid programs in order to reach students from middle-income families. It would make about 1.5 million more students from families in the \$15,000 to \$25,000 adjusted income range eligible for BEOG. It also expands SEOG and College Work-Study Programs significantly so more funds will be available for middle-income students.

STUDENTS WHO RECEIVED BEOG THIS YEAR: Please drop by the Financial Aid Office this week -- Monday or Thursday, 10:00 a.m. to 4:00 p.m.

TRANSFER STUDENTS:
ARE YOUR TRANSCRIPTS
ON FILE AT DOHENY?

## IMPORTANT FINANCIAL AID INFORMATION

The passage of the Middle Income Student Assistance Act (P.L. 95-566) will make more than one million additional students eligible for financial aid in 1979-80. It is estimated that 80% or more of college students will be eligible for some type of aid. Because of the many changes in formulas, percentages and regulations, WE URGE YOU to apply for aid for 1979-80. The only way to find out if you qualify is to go through the application process. Income ceilings and limits can be deceptive because of the many facets considered in determining need.

The main areas affected by this bill are:

### Basic Educational Opportunity Grant (BEOG)

1. Allowable Family Income Level raised
2. Formula for Independent students changed drastically - many independents will be eligible for basic grant now

### Guaranteed Student Loan (GSL) - formally Federally Insured Student Loan (FISL)

Income ceiling for determining eligibility removed. Applications no longer require family financial information or parents and/or spouses signature. A needs analysis is no longer required for a Guaranteed Student Loan ONLY. (This is now in effect for Spring 1979 as well as academic year 1979-80. Students already packaged may apply for Spring, but the total aid received may not exceed total student budget.) Loans are still subject to lender approval.

APPLICATIONS AND INFORMATION ARE AVAILABLE IN THE FINANCIAL AID OFFICE, Bldg. 7, Office 15.

XXXXXXXXXXXXXX

We are happy to announce that for all current MSMC students, as well as all incoming students for FALL 1979, the tuition for the 1979 summer session will be at the REDUCED RATE of \$50.00 per unit.

Because many students have heavy academic schedules throughout the year, they may wish to take advantage of the summer school classes in order to continue steady academic progress. Copies of tentative summer offerings are available from Cathy Gomez in Bldg. 7.

X WANTED: A student who is tired of the same old grind, who wants to do something dif-
X ferent for the month of January, 1980. Must have an imagination and, in some cases,
X pocket money. Helpful if applicant can travel (across town or across continents), but
X travel not essential for success. Satisfaction guaranteed if applicant begins planning
X immediately and is willing to take some risks with own education. The unimaginative
X need not apply.

Too bad, old "Strictly Day-to-Day Person." You are missing a great chance to make Inter-term 1980 one of the happiest and most memorable experiences of your life, let alone your college career.

Or (being low on cash but high in dash), consider these mind trips: Elizabeth Sewell, that fabulous poet whom you met at our Convocation last September, will be lecturing on Science and Poetry. Now you and I both know that Dr. Sewell has given an entirely new meaning to the word, "lecturing"; and certainly her course will include more than the mere title suggests. If, on the other hand, you are an aspiring actress (or even if you're not), you might look into Performance Art in which you will be using such media as photography, video and film. Other mind trips for psychology students can be taken in The Nature of Creativity and Environmental Psychology, to name a few of such courses listed in the INTERTERM '80 BULLETIN.

You might, O Brain Looking for a Talent, try Painting (I or II) or Raku (Ceramics) for size, or you might start planning your own Independent Study Project for that month. It would be a challenge, but that's what Interterm is all about: a challenge.

Well, now we're getting down to business! If you look up the descriptions for the following courses in the BULLETIN, you can begin planning now for the Experience of Your Life:

Literature in the Bible (Sr. Laurentia Digges)
Drama As a Literary and Performing Art (Sr. Joseph Adele Edwards)
Human Sexuality (Dr. George Snow)
Death and Dying: Religious Aspects (Dr. Eugene Frick)
Children and Books (Sr. Dorothy Mary)
Creativity and the Young Child (Mary Anne Giardina)
Elementary Spanish (Sr. Aline Marie Gerber)
Painting I and II (instructor to be announced)

DOHENY FACULTY MEET DIRECTOR AND ACTOR

On Saturday, March 31, the British director of "Pygmalion," John Dexter, spoke to a group of educators at a "Theatre and Tea" sponsored by the Ahmanson Theatre.

Present at the event were Sister Joseph Adele and Sister Dorothy Mary, both of the Mount's English department, who heard Mr. Dexter discuss the writing and early productions of "Pygmalion." Except for the cast, the Ahmanson production of the play will be the same as the one presented recently in London and which was critically acclaimed.

During the Tea, the sisters met and talked with Charlton Heston, prior to his final performance of "A Man for All Seasons."

ARE YOU CONSIDERING A SUMMER COURSE?

The Summer Schedule of Classes is now available in the Counseling Center in Building 7. A special tuition rate has been allowed for students currently enrolled at MSMC. Students are encouraged to attend summer session at the college to lighten the course load for 1979-80. Further information may be obtained in the Counseling Center.

Students who must take courses at other institutions this summer should follow the Transfer of Credit Clearance procedure. Please refer to the MSMC '78-'80 Bulletin, p. 12. Transfer of Credit forms will be made available at your advisement session with Maureen McKay.

Advisor signature is required before the form is returned to the A.A. Office for processing and approval by department chairpersons and Sister Margaret Anne. If approval is received, the signed form is sent to the Registrar to be placed in the student's file. This procedure is necessary to insure that the course will count toward the A.A. or B.A./B.S. degree. To be sure clearance is completed, students must take care of this responsibility as soon as possible.

STUDENT TEACHERS COMMENT ON EXPERIENCE

Darlene Maxwell: "My four months here at Mount St. Mary's Child Development Center have meant a lot to me. I've learned so much from the children and from my master teacher. Coming to school to work with the children makes me very happy that I chose to become a pre-school teacher."

Eugenia Sabado: "During my student teaching here at Mount St. Mary's Child Development Center, I found many ways that I can help children learn. I was able to put into practice the theories that I have learned. I had days when I took full responsibility for the class, and this made me realize the work one must do to give each child a good understanding of himself and his environment."

Cynthia Boldt: "While doing my student teaching at Salvin School, I learned a lot about myself, I saw things through the children's eyes, but mostly I learned to laugh at myself. The children gave me such a wonderful feeling, accepting me as part of their class."

Frances Romero: "My student teaching at Mount St. Mary's College has been a very outstanding experience. During this time I have tried to put to use my own theories and the different philosophies that I learned in classes these past two years. I see each child growing into a beautiful young person, ready to continue his education at a higher level... ready to show the world what he has learned. Goals and accomplishments are hard to come by, but together we have succeeded. With love, understanding and patience, we can teach the child to know the world."

Sylvia Cruz: "During my student teaching experience at Salvin School, I had the opportunity to put into practice the theories and my philosophy which I have learned during my two years here at Mount St. Mary's College. As days went by, I saw each child blossom into a unique beautiful flower. Being aware of each child's individual needs and being flexible is important. The patience, love and understanding one spends on each child is paid back in many different ways...special ways which they so creatively express. I would like to thank my instructors for all they have done."

Grace Toshimitsu: Grace has done her student teaching at Salvin School, which is a setting with both handicapped and non-handicapped children. Her experiences have been varied, including the opportunity to put into practice the Language Experience Approach to reading.
